

SUMMER CAMP SAFETY

Remember the 5 S's

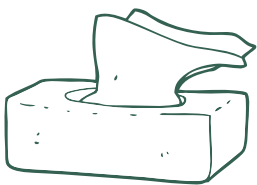

SPACE

Staff will ensure that as much physical space as possible is kept between our camp group and other individuals at the club. Within our camp group, it is possible that campers will come within 6 feet of one another.

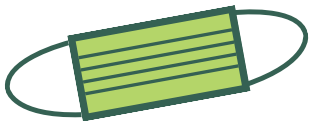

SINGING TO SANITIZE

Campers and staff will be instructed to thoroughly wash hands for at least 20 seconds each time, singing to the tune of Happy Birthday (or similar) to help keep count and pass the time!

SHIELD YOUR SNEEZE

Campers and staff will be instructed to sneeze and cough into tissues and/or elbows, not into hands.

STAFF MASKS

Staff will wear cheerful and friendly masks at drop-off and pick-up, when indoors, and when outdoors if 6ft of distance isn't possible.

SMILE

Campers and staff will have endless opportunities to SMILE at camp this summer, more than ever before!
